

# NEW FOREST

Our aim in New Forest is to consistently provide our members with a top-ranking facility at a reasonable cost. In order to provide this facility, there must be a continued investment that cannot stop during a closure. Through the course of each lockdown we have continued to invest and carry out work both on and off the golf course daily.

Over the past few months our greenkeepers have carried out the following significant work on the golf course.

Our fairways have been aerated and top dressed in over 2000 tonnes of sand.

The 1<sup>st</sup> Fairway 2<sup>nd</sup> March 2021

The 6<sup>th</sup> Fairway 2<sup>nd</sup> March 2021
